

Soumya Kanti Naskar

Bengaluru, India — Mobile: (+91) 87776 98604

Email: rijunaskar@gmail.com — LinkedIn: soumya-kanti-naskar — GitHub: Soumya95

Professional Summary

Experienced Full Stack Developer with 6+ years in cloud applications, specializing in end-to-end development across international teams. Proven expertise in designing and implementing scalable, high-performance solutions using modern technologies. Skilled in cloud-native architecture, performance optimization, and agile project management. Passionate about leveraging cutting-edge technologies like Generative AI, Machine Learning, and DevOps to drive innovation.

Graduated in Computer Science & Engineering from Jadavpur University..

Technical Skills

Languages: JavaScript, TypeScript, Python, Java, HTML5, CSS

Frameworks: React.js, Node.js, Redux, Spring Boot, SAPUI5, SAP Fiori Elements

Cloud Tools: SAP BTP, CAP OData V4, CI/CD Pipelines, Jenkins

Testing: Selenium, QUnits, Chrome DevTools

Architecture: Cloud Native, Microservices, Performance Optimization, Generative AI

Methodologies: Agile/Scrum, Design Thinking, UX Prototyping

Professional Experience

Senior Full Stack Developer @ SAP ISBN (CDET Initiative)

Oct 2023 – Present

Intelligent Spend Business Network (ISBN)

Bengaluru, India

As a Senior Full Stack Developer, I design and implement Product-Led Growth strategies in collaboration with engineering and product teams.

- Developed Deployment Hub application enabling tenant personalization, reducing customization time by 90% through intuitive UI and partner delegation options.

Tech Stack: React JS, Redux-Saga, Java Spring Boot, SAP BTP, CI/CD Pipeline

- Created Simplified Implementation app for Cloud Application Lifecycle Management (CALM), improving implementation tracking and quality assurance.

Tech Stack: SAPUI5, CAP OData V4, SAP BTP

- Collaborated with international teams (China, USA, Germany) on UI/UX design, product strategy, and development as Tech Lead.
- Led both products from scratch, covering user research, prototyping, implementation, and General Availability (GA).

Senior Frontend Developer & Scrum Master @ SAP Fiori Elements

May 2019 – Oct 2023

Designed and implemented annotation-based templates following SAP Fiori Elements design principles (V2 & V4).

- Conducted performance optimizations using in-house "SUPA" tool and Google Chrome Performance utilities, improving system responsiveness by 30%.
- Contributed to SAP Fiori Launchpad My Home project, enabling personalized access to tailored SAP Fiori apps on mobile and desktop platforms.
- Functioned as Scrum Master for framework floorplans (List Report, Object Page, Analytical List Report).
- Created educational YouTube content explaining SAP Fiori Elements Tips and Tricks for developer community.

MEAN Stack Developer @ SAP BUILD

Jul 2018 – Apr 2019

Developed features for SAP's UX prototyping tool for SAPUI5 and SAP Fiori applications.

- Implemented search functionality using Apache Solr.
- Enabled PDF prototyping capabilities.
- Created Selenium-based end-to-end test cases.

Key Projects

JU Linux User's Group

Feb 2015 – May 2018

Co-Founder

Established a technical society promoting Linux/FOSS adoption at Jadavpur University.

- Organized workshops on Bash scripting, web development, cybersecurity, and cryptography.

Cryptographic Research

Jan 2017 – Jul 2017

Nanyang Technological University, Singapore

Implemented FPGA-based hardware for SHA-3 (Keccak) cryptographic algorithm under Prof. Anupam Chattopadhyay (NTU Profile) and Dr. Sourav Sengupta (Personal Website).

Education

Jadavpur University

2014 – 2018

B.Tech in Computer Science & Engineering

CGPA: 8.60/10.0

Relevant Coursework

Data Structures & Algorithms, Cloud Native Architecture, Database Systems, Operating Systems, Networking, Functional Programming, AI/ML

Publications

-
- "*Raga Identification from Hindustani Classical Music Signal Using Compositional Properties*" Springer Professional (Sep 2017)
 - "*Robust Identification of Dense or Sparse Crowd Based on Classifier Fusion*" Springer Professional (Nov 2019)

Achievements

-
- Winner, ACM Kolkata B.Tech Project Contest (2018) ACM Kolkata Award [Link](#)
 - Cryptology Research Intern, ISI Kolkata (2015) R.C. Bose Centre for Cryptology and Security
 - YouTube Technical Content Creator (Fiori Elements tutorials) YouTube Video [Link](#)
